Dear Air Vice Marshal Breakey:

In response to your letter of 14 March 1952, we are capable of undertaking 100 inch focal length oblique photography, such as you require, of the Hongkong area by RB-29 operations from Yokota Air Base in Japan. It is my suggestion that the British Defense Coordinating Committee, Far East, make this requirement known to the Commanding General, Far East Air Forces, with information as to areas of major interest, dates photography most desirable, and delivery instructions.

I am dispatching a message this date to the Far East Air Force advising of your requirement for this photography and requesting that they undertake its accomplishment upon receipt of details from the British Defense Coordinating Committee, Far East, provided the theatre commander concurs.

Sincerely,

SGD: Thomas D. White
